Watershed Sizes Used as Guidance in Stream Alteration Regulations

Map Disclaimer

This map represents guidance on watershed sizes used as references in stream alteration regulations. The accuracy of the watershed sizes used by the Vermont Hydrography Network is based on available data and methods. The data set and procedures used may have certain amounts of error associated with them. The accuracy of watershed sizing maps using the Vermont Hydrography Network may be exceeded by other methods using more accurate methods and data.

Map Description

This map product indicates the reaches of streams and rivers in a town that would be at or below the 0.5, 1.0, and 10.0 square mile watershed thresholds used for jurisdictional determinations under the Vermont Act 250 Stream Alteration Program. RMP contacts and information about the Stream Alteration GP may be obtained at: https://www.ec.state.vt.us/river/streamalterations/management.htm.
