Watershed Sizes Used as Guidance in Stream Alteration Regulations

**Map Description**

This map product indicates the reaches of streams and river in a given town that would be of or below the 0.5, 1, 10, and 25 square mile watershed thresholds used for jurisdictional determinations under the Vermont ANR Stream Alteration Regulatory Program.

**Map Disclaimer**

This map represents guidance on watershed area using data and methods that have a certain amount of error associated with them. The accuracy of the underlying data used by the Vermont Hydrography Program is not known. The regulated public may request River Management Program (RMP) approval, or the RMP may decide to use watershed data based on more accurate methods and data.

**Legend**
