 Fairlee, Vermont
Town Plan
Map 5 of 5
Adopted: 1/21/2020

- surface water
- town and other public lands
- deer wintering yard
- endangered species
- town wetlands
- state wetlands
- floodplain

Suitability of Wildlife Habitat

0.0 - 1.9	Worst Quality Habitat
2.0 - 2.5	
2.6 - 3.1	
3.2 - 3.6	
3.7 - 4.1	
4.2 - 4.6	
4.7 - 5.3	
5.4 - 6.1	
6.2 - 7.0	Best Quality Habitat
7.1 - 8.3	

Habitat blocks were identified using 11 factors to assess their biological value and their contribution in representing physical landscape diversity. Each of these 11 factors was weighted to reflect the relative importance of each factor in determining the final biological and physical diversity rank for the blocks.
