

TRORC Town Highway Bridge Pre-Candidates FY22 **draft**

What is a Pre-Candidate?

This list of bridge projects identifies the top 10 bridges in the region that VTrans will select from as Candidates for the Town Highway Bridge Program.

 2022 Pre-Candidate Bridges

Capital Program Project Status

A project must be listed in the Transportation Capital Program to authorize VTrans in allocating project funds. VTrans submits a Capital Program to the Legislature each year and they must approve the list in order for projects to advance. The Capital Program categorizes projects according to the following status:

Candidate – A project gets on the Candidate list after it has completed the planning process and has been accepted by TRORC and passed onto VTrans.

Development & Evaluation (D&E) – A project moves from the Candidate list to the Development & Evaluation list if preliminary plans are expected within 12 to 24 months.

Front-of-the-Book (FOB) – Front-of-the-Book projects are part of VTrans four-year program. A project moves from the Development & Evaluation list to Front-of-the-Book when it has completed preliminary plan development.
