

# **TRORC VPSP2 2022**

## **state & town highway bridges**

RITA SETO, SENIOR PLANNER

POTENTIAL  
PROJECTS  
150% LIST

List of  
Capital  
Projects

VPSP2 Focus

project delivery  
schedule

# Evaluation Criteria

## Previous Prioritization

■ VTrans (Engineering)   ■ RPC (Community)

System Preservation, Safety, Energy/Multi-modalism, Economic Development, Social/Cultural Importance, Alternate Routes, Flood Vulnerability, Miscellanea

## VPSP2

**Transportation Value 100**

**POTENTIAL  
PROJECTS  
150% LIST**

List generated from  
VTrans Asset  
Management System –  
hence Asset Driven  
projects

RPCs and TACs are tasked to review this list, evaluate the 4 criteria scores and update preliminary transportation value

# State Highway Bridges Potential Asset Driven

UNRANKED

# Town Highway Bridges Potential Asset Driven

UNRANKED

# Regionally Driven Potential Projects

## Town Highway Bridges:

- Bethel BR45 on Peavine Rd
- Sharon BR15 on River Rd

# NEXT STEPS

- Rita will prepare / review initial ranking data of the bridge projects and mail hardcopies to TAC, road foreman and Selectboard next week.
- Please reach out with any questions/clarifications.
- Inquire on Regionally Driven bridge projects – we can evaluate the proposed bridge with the 8 criteria to see where they rank.
- May TAC meeting is when TAC approve final list to recommend to TRORC Board – end of May meeting. Once approved, submit to VTrans.
