**6. Staff/Commissioner Updates**

**a. State and National Advocacy**

Peter Gregory updated the Board on local and national advocacy efforts. Many activities are underway in Montpelier. TRORC is monitoring appropriations issues affecting member towns and regional planning commissions. Gregory shared that collaboration with legislators has begun to simplify how regional planning commissions coordinate with state agencies to better serve towns.

The County and Regional Governance Study Committee is currently suspended, pending a new Government Operations Committee Chair, but it is collecting national testimony on how services are delivered on a substate level. Gregory noted that councils of government streamline services by enabling towns to collaborate, a beneficial approach as there are changes in local government.

Nationally, NADO is involved with EDA reauthorization, which could impact TRORC funding. He and other NADO members are advocating for greater involvement from NADO in hazard mitigation and FEMA emergency response efforts.
